## Summary

Motivated backend developer with hands-on experience in Python and Django. Skilled in building RESTful APIs, integrating third-party services, and optimizing backend performance. Seeking opportunities to contribute technical expertise and collaborate within dynamic teams to deliver impactful solutions.

## Work Experience

### Python Backend Developer Intern

May 2025 – Present

SMBS INFOLAB LLC, Kochi, India

- Designed and developed secure RESTful APIs in Django with JWT authentication.
- Contributed to multiple projects like eMalayalee covering development, testing and documentation.
- Assisted in deployment workflows using Docker, Kubernetes, Git, cPanel, Vercel, and PythonAnywhere.
- Integrated third-party tools such as Stripe (payments), Gunicorn (server), and Celery (task scheduling).

## Projects

### eMalayalee – Community Ecosystem

(Stripe, JWT, PythonAnywhere)

- Built REST APIs enabling interaction between users, merchants, and admins.
- Integrated Stripe for secure payments and deployed with PythonAnywhere.

### eMalayalee – News Platform

(Python, MySQL, cPanel)

- Developed Python-based backend APIs for the admin panel of an existing Laravel project.
- Integrated Google Analytics and deployed the application on cPanel.

### Portfolio Website

(HTML, CSS, GitHub, Vercel)

- Designed and deployed a personal portfolio to showcase projects and skills.

### Online Examination System

(Django, SQLite)

- Supports login, timed tests, and automated scoring.

### Medical Camp Management System

(PHP, MySQL)

- Built system for managing patient records and scheduling.

## Education

### MES College Marampally – BCA

2022 – 2025

CGPA: 7.80 (78%)

### ST. Francis HSS for Girls, Aluva – Higher Secondary

2020 – 2022

Percentage: 95.25%

### ST. Francis HS for Girls, Aluva – SSLC

2019 – 2020

Percentage: 98%
